Attachment: Notice of Proposed Regulatory Action

NOTICE OF PROPOSED REGULATORY ACTION

Peace Officer Feasibility Study Requirements

Regulation 1019 Replaced by Regulation 9020

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST) proposes to delete Regulation 1019, **Feasibility Studies for Peace Officer Status/Designation Requests**, in Title 11, Division 2 of the California Code of Regulations (CCR). Regulation 1019 is being replaced with Regulation 9020, in Title 11, Division 9, and Chapter 2 of the CCR (a newly-assigned section in the CCR for reformatted Commission regulations).

The proposed changes are made pursuant to the authority vested by Penal Code §13503 (Commission on POST powers), §13506 (Commission on POST authority to adopt regulations), and §13540 (Commission on POST authority to specify peace officer feasibility studies). Implementation of this proposal will interpret, implement, and make specific Penal Code §13540 (peace officer feasibility study requirement), §13541 (scope of study), and §13542 (study results and recommendations).

Public Comments Due by April 23, 2007

The Commission requests written comments on the proposed actions. POST must receive the written comments no later than 5:00 p.m. on April 23, 2007. Please send written comments to Hal Snow, Interim Executive Director, at the Commission on POST, 1601 Alhambra Boulevard, Sacramento, CA, 95816-7083, or by fax at 916.227.5271.

A public hearing is not scheduled. Pursuant to Government Code §11346.8, any interested person, or his/her duly authorized representative, may request a public hearing. POST must receive the written request no later than 15 days prior to the close of the public comment period.

Informative Digest/Policy Statement Overview

POST is incrementally improving Commission regulations and procedures by rewriting and reformatting the current regulations and procedures in a more clear, logical, and user-friendly style. The reformatting project fulfills Objective C-4 of the *POST Strategic Plan 2006 Moving in Bold Directions*.

The proposed changes are a reformatting of current Regulation 1019, which becomes Regulation 9020, Peace Officer Feasibility Study Requirements, in Chapter 2 of the POST Administrative Manual. Currently, Commission Regulation 1019 addresses the process of requesting a peace officer feasibility study, the scope, and cost of the study, the time limits for completing the study, and the process for appeal of the study findings. The proposed changes do not add any new requirements, but provide greater clarity, consistency, and make the regulations more user-friendly. In addition, proposed amendments delete the text currently adopted in Regulation subsection 1019(g), as the related legislation was repealed by its own terms effective January 1, 2002.

Adoption of Proposed Regulations

Following the close of the public comment period, the Commission may adopt the proposal substantially as set forth without further notice, or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, it will make available the text of any modified language, clearly indicated, at least 15 days before adoption to all persons whose comments POST received during the public comment period and to all persons who request notification from POST of the availability of such changes. Please address requests for the modified text to the agency official designated in this notice. The Commission
